Hooray! We are having our very first monthly meeting since the Covid shutdown! Due to ongoing safety concerns, this will be in the form of an outside driveway meeting and concert. We will have a modified version of our meeting starting with a brief business meeting followed by Club entertainment of the ever popular LALIPOPS singing group. See their flyer attached.

Please bring your own chair, food and/or drinks. This is weather permitting ...so let's all hope for fair skies.

We look forward to getting together to enjoy this evening of Castleberry updates, fellowship and fun music!
