

The LaliPops (from left to right - Debbie, Donna, Melody and BJ) are an energetic female harmony quartet who perform popular tunes of the late 1940's, '50's, '60's and beyond. Their unique blend of music has made them a favorite with many organizations and clubs both inside and outside the Villages for the past 2-1/2 years. Each girl is an accomplished soloist, but their unique harmony sets them apart. Add to that....a wonderful sense of humor and liveliness and you have the makings of a thoroughly enjoyable evening!!

Starting out originally as an Andrews Sisters-style group and still maintaining that style of singing, they have expanded their repertoire to the 50's, 60's, 70's and beyond...adding music from other girl and boy groups. Their harmony is very close and often people remark that they cannot tell who is singing what part!
